## **1. INTRODUCTION AND FORMAT**

### **1.1 Introduction**

This Event will be played online, using the RealBridge platform (RB), under the auspices of the European Bridge League (“the EBL”), from 14 to 17 May 2026. It is a transnational event in the Mixed Category. The Event will be governed by the Laws of Duplicate Bridge 2017 as amended on 1 January 2024 (“the Laws”), the EBL General Conditions of Contest (“the GCoC”), the relevant Ancillary Documents as published on the EBL website, these Supplemental Conditions of Contest (“the SCoC”), and the separate regulations that will be communicated in letters to the teams. Unless otherwise stated, or unless illogical in context, the definitions used in the GCoC also apply to these SCoC. See Section 8 below regarding interpretation of the Laws.

### **1.2 Organization**

The Event will be organised on behalf of the EBL by the EBL appointed representative.

### **1.3 Format**

#### **QUALIFICATION ROUND ROBIN**

The first three days (May 14-16) is the qualification stage. 11 rounds will be played: three on Thursday and Friday, five on Saturday.

For the Swiss phase, each result will be converted from IMPs into VPs according to the WBF scale for 10 boards.

After 11 rounds of Swiss, all teams will be placed in groups for the final day. Every group will basically have eight teams: the first eight will qualify for final A, the next eight for final B, and so on. If the last group will not have eight teams, it will be merged with the previous (e.g. 8-8-8-14)

Updates to the above are available on the event's microsite:

<https://championships.eurobridge.org/2026-european-spring-online-transnational-senior-teams-championship>

#### **GROUP PHASE**

In all groups of eight teams, a complete round robin will be played (7 x 7 boards. If a group has more than eight teams, the movement will be Swiss.

Results will be converted from IMPs into VPs according to the WBF 7 boards VP scale.

The carry over is 1/3 of VP from the Swiss.

### **1.4 Draw and Lineup**

To avoid the complexity of line-up submissions and the transmission of line-ups from the EBL systems to RealBridge in every round, players will receive a

personalised link. Players must use only their own personalised link.

Players must log in using the name as it appears in the EBL database. The player will compete under that name and ID.

Each team will sit at its designated table, with the correct partnerships.

At the start of each round, the system will randomly determine which pair will sit North–South and which pair will sit East–West for the match.

### ***1.5 Time per board***

Each board is allocated 7 minutes 30 seconds, with an additional courtesy period of 2 minutes at the beginning of each round.

## **2. ADVANCE ORGANIZATION**

### ***2.1 Registration***

#### ***2.1.1 Registration of Teams and Players' Names***

### **2.3 Team Members**

Each team is entitled to have 4-8 playing members. No player is allowed to participate in more than one team.

A team may change or add members up to three days before the commencement of play. All such changes are subject to approval by the Credentials Committee. Except with permission of the Head TD, any substitute or added player must use one of the systems already filed in accordance with Section 3.2 below.

### **2.4 Tournament Directors**

TDs will be selected by the EBL Championships Committee from a pool of TDs familiar with the RealBridge environment. In addition to responding to TD calls from players at the table and issuing rulings, they will provide practical assistance related to the RealBridge platform. One of these TDs will be appointed Head TD by the EBL TD Committee.

For polling purposes, the EBL Championships Committee might appoint suitable players, not participating in the Event, to be available on call for consultation.

### **2.5 Credentials Committee**

The names of the captain and all members of each team, as submitted in accordance with Sections 2.1 and 2.3 above, will be transmitted to the Credentials Committee for consideration and approval of participation.

## **3. SYSTEMS**

### **3.1 Systems Policy**

The EBL Systems Policy 2023 applies to this Event.

The Event is classified as a Category 3 Event (no HUMs or Brown Sticker methods). Both members of a partnership must adopt the same methods in the auction and in their carding. The System must be described on System (Convention) Cards and Supplementary Sheets in English only, in accordance

with Section 11 of the GCoC and the Regulations for the Registration and Use of Systems, and submitted as described below.

### **3.2 Submission of Systems**

Systems must be registered with the EBL no later than 7 May 2026, following the procedure described on the Event's microsite. Captains must ensure that their email address is provided and that they check it regularly, so that they are available for any queries that may arise regarding a system submitted by their team.

The maximum number of Supplementary Sheets is 6.

Note that VP penalties and other restrictions will be applied in accordance with the GCoC for late submission.

Minor changes to systems (clarifications, amendments, minor additions and/or cosmetic revisions) will be accepted up to 7 May 2026. Revisions will be published on the website together with the other systems, marked as REV1, REV2, etc., thus allowing captains to compare them with the original submission.

### **3.3 Format of System Cards for submission**

System Cards must be submitted in the correct format, and only pdf files will be accepted.

Any revised System Cards submitted must have all revisions clearly highlighted to ensure that other teams can easily identify the changes.

Pairs are reminded to ensure that their System Card fits onto two printed sheets (front and back) without the font being too small, with Supplementary Sheets added as required. A System Card that is not formatted correctly will be rejected, and the pair will be required to make the necessary adjustments to ensure proper printability.

## **4. RULES FOR RUNNING THE TEAMS MATCHES**

### **4.1 Composition and Seating of Teams**

Before the start of each match, the four players who are scheduled to play shall seat themselves at their team's table. Both pairs should consist of one male and one female player.

No seating rights exist. In the event of a dispute regarding seating, the TD will resolve it by random draw.

When the match begins, players will automatically be seated against their opponents by the RealBridge platform.

### **4.2 Period of Play and penalties for slow play**

#### **4.2.1 Start of the round**

The allotted time is calculated from the commencement of the period of play and

includes the time required for system explanations and scoring procedures. Players are requested to be seated 15 minutes before the scheduled start of play. Any team not seated and ready to play at the scheduled start time will be penalised as described in Section 18 of the GCoC. Any team not seated within 15 minutes after the start time, through its own fault, forfeits the match and may be subject to further sanctions.

If any team has been fined for late arrival at the start of a round, penalties for slow play in the same round will be based on the time at which all players were seated and ready to play.

#### **4.2.2 End of the period of play**

- (a) If play has not been completed by the end of the allotted time, the penalties defined in Section 18 of the GCoC will be imposed, possibly shared between the two teams according to their respective responsibility (subject to 4.2.2(c) below).
- (b) If a pair believes that responsibility for slow play lies with their opponents, they should call a TD, who will take whatever corrective measures they deem necessary. The TD will normally issue warnings when teams are nearing penalties for slow play, but the absence of a warning does not reduce the responsibility of the players.  
To determine responsibility, the TD may use timing data recorded by the RealBridge system. If the two sides are not considered equally responsible for the late finish, the prescribed penalty will be divided between the teams proportionally to each side's contribution to the delay.
- (c) The Head TD may remove unplayed boards if, in their opinion, completing the match within the allotted time would interfere with the smooth running of the competition. (The Head TD will take into account the scheduled start time of the next round.) The match will be scored in accordance with Section 20 of the GCoC.

## **5. PLAYING CONDITIONS**

For the purpose of the GCoC, the players' room shall be considered the designated playing area.

During play, no one is permitted to enter the RealBridge playing session except the four players of each team, TDs, RealBridge support staff, and representatives of the EBL.

### **5.6 *Between rounds***

If a team is changing players between two rounds in the same session, the incoming players are requested to join the session 15 minutes before the start of the next round. They may join their team's table once the team has completed the current round.

A team captain (only), who is not playing in the current round, may join the session five minutes before the start of the next round. They may join their team's table once the team has finished the current round.

When the next round begins, all captains and all players not playing must leave the session immediately.

## **6. GENERAL RULES DURING PLAY**

### **6.1 *Convention cards and system notes.***

During play, a player may refer to their opponents' System Card, either online or in printed form.

A player may not refer to their own System Card or any other notes.

### **6.2 Smoking, Eating and Alcohol**

Smoking (including the use of electronic cigarettes) is permitted. Eating during play is not permitted.

Consumption of non-alcoholic beverages is permitted, provided it does not cause disturbance or inconvenience to other players.

Consumption of alcoholic beverages is not permitted during play.

### **6.3 Behaviour**

During the match, players must avoid discussion or argument with their partner or opponents. In case of dispute, a player's proper recourse is to call the TD.

Players are asked to remain seated and not engage in any physical activity requiring them to leave the chair (standing, walking, stretching, etc.). Penalties will be applied if necessary.

Players must not leave the table or computer before play in both rooms has concluded. Players may leave the table only when all teammates have finished all boards and the system has redirected them to their original team table.

Going to the bathroom during a round is prohibited. In urgent cases, permission must be obtained from the TD.

### **6.4 Dress Code**

The formal EBL Dress Code does not apply, but players are expected to be appropriately dressed when visible.

### **6.5 Calling the TD**

Most mechanical issues will be handled automatically by the platform. However, players must call the TD in the following situations:

- (a) the platform has not resolved a mechanical issue satisfactorily;
- (b) a player is unresponsive, or play becomes "stuck" in any way;
- (c) there is conflicting information about the meaning of a call or play (e.g. the alert/explanation differs from the System Card or does not reflect the partnership understanding);
- (d) there appears to be use of unauthorised information;
- (e) there is a dispute regarding a claim or concession;
- (f) a request for an undo is made;
- (g) any instance of bad behaviour.
- (h) System Cards of the opponents are not available
- (i) the opponents do not show up in time

### **6.6 Pauses in bidding and play**

At Trick One, the platform will automatically generate delays before the first three plays become visible:

- (a) Before the opening lead: 5 seconds
- (b) Before declarer plays from dummy: 10 seconds
- (c) Before third hand plays: 5 seconds

## **6.7 End of rounds, byes, ranking**

### **6.7.1 IMP scale**

The difference in total point scores on each board shall be converted to International Match Points (IMPs).

### **6.7.2 VP Scale**

For each match, 20 Victory Points (VPs) will be at stake, to be apportioned between the two teams according to the continuous VP scale published on the EBL website.

### **6.7.3 Protest time**

The time for requesting a TD ruling or a review of an existing ruling ends thirty minutes after the end of the session.

### **6.7.4 Publication of decisions**

All decisions involving play, penalties, deals, infringement of the Rules, etc., will be sent by email. However, the absence of a posted penalty or notification to the players or captains does not nullify the penalty.

### **6.7.5 Byes**

In the event of a team having a bye in any round it will receive 12 VPs.

### **6.7.6 Ranking**

Final rankings will be determined according to the total number of VPs scored by each team.

## **7. ALERTS AND EXPLANATIONS**

Players are responsible for alerting and explaining only their own calls via the RealBridge interface.

They must not alert or explain their partner's calls.

Questions may be asked orally, but the reply must be given to both opponents so that they receive identical information. In the event of a dispute, if a player has asked or answered a question verbally only to their screenmate, this may jeopardise their right to redress.

The table chat box must not be used for requesting or providing explanations.

## **8. PROCEDURE FOLLOWING A CLAIM OR CONCESSION**

In principle, claims will be handled in accordance with Laws 68–71.

- (a) If a claim is made and initially accepted but the opponents subsequently disagree, the TD will apply Law 69B.
- (b) If one defender claims or concedes, the other defender must agree before

the claim or concession can be accepted by declarer. If the other defender does not agree, play continues in accordance with Law 68B2.

- (c) If a claim has been made and rejected (so the claiming side's cards are visible to the opponents) and a subsequent claim or concession occurs requiring a TD ruling, the determination of what is "likely" and "normal" will take into account that one side has seen all the cards.
- (d) If both sides agree to play on, then Law 68D applies.

## **9. SCREEN REGULATIONS**

Only Section 3 ("Screens") of the Regulations for Screens, Bidding and Entering Scores, as modified by Section 6, shall apply.

## **10. LAWS INTERPRETATIONS and OPTIONS**

Words and phrases in the Laws and the GCoC that apply to face-to-face bridge, and that are not specifically defined in these SCoC, shall be interpreted *mutatis mutandis* for an online environment.

### **10.1 Call Undo**

A player wishing to substitute a call under Law 25A1 must call the TD, who will rule on whether the substitution is permitted.

### **10.2 Call or Play Undo**

A change of call or play based on misinformation (Laws 47E2, 21B1(a)) may be authorised only by the TD. Otherwise, except as provided in Section 7.1, a change of call or play is not permitted.

### **10.3 "Face Down" Leads**

There is no provision for face-down leads. The opening leader should request any information they require before making the opening lead.

## **11. RULINGS AND APPEALS**

The EBL Review Regulation shall apply.

## **12. PRIZES AND MASTER POINTS**

The winning team will receive the free entry (up to six vouchers). Prize vouchers are redeemable at EBL face-to-face transnational events (Mixed or Women's categories) during 2026–2027.

The winners will be invited to receive their medals during the main prize giving ceremony in Riga on 7/7/2026, provided they have played at least 50% of the boards.

EBL Master Points will be awarded in accordance with the EBL Master Point Scale.

### **13. CHANGES IN REGULATIONS**

These SCoC may be amended and/or supplemented at the discretion of the EBL, if circumstances warrant, in order to ensure that the Event proceeds in a smooth, efficient and fair manner. \*

### **14. CONFLICTING REGULATIONS**

In the event of conflict between these SCoC and the GCoC, these SCoC shall prevail.

Matters not regulated herein are governed by the GCoC, the Laws of Duplicate Bridge, and the relevant provisions and regulations of the EBL.

\* Change May 10 ,2026

There will be no knock-out semi final and final, but play in groups on the final day. SCoC have been amended for this.
